

# *Microcarnival 2025 Report*

## Celebrating International Microorganism Day

**Organized by Department of Microbiology, President Science College & MBSI Student Unit**

**Date:** 17th September 2025, **Event coordinators:** Asma Shaikh, Dr. Aarti Thakker

### 🌟 **Event Highlights**

- **Occasion:** International Microorganism Day
- **Participants:** 74 enthusiastic students from Microbiology & Biotechnology
- **Activities:** Canvas Painting, Poster Presentation, Rangoli, and Escape Room
- **Judges:**
  - **Dr. Prashanti Kothari**, Head, Shayona Institute of Business Management
  - **Ms. Ami Patel**, Principal, President Nursing College
  - **Ms. Shailee Shah**, Head, Shayona Institute of Management and Computer Application

### 🎨 **Activities at a Glance**

- **Canvas Painting** – Artistic expression of the microbial world (*Coordinated by Dr. Khyati & Ms. Shailee Shah*)
- **Poster Presentation** – Communicating science with creativity and clarity
- **Rangoli** – Microbial themes represented through colorful patterns
- **Escape Room** – Fun-filled problem-solving activity testing scientific knowledge

### 🏆 **Recognition & Awards**

To encourage students, **First, Second, and Third prizes** were awarded in each activity. This recognition not only appreciated their hard work but also motivated them for future academic and co-curricular engagements.

## 🎓 Student Contribution

Behind the success of *Micro Carnival 2025* were our dedicated **student coordinators** who managed:

- Decoration & creative setups
- Photography & event coverage
- Certificate designing & printouts
- Innovative execution ideas

Their teamwork and commitment truly reflected the essence of leadership and collaboration.

## ✨ Concluding Note

*Micro Carnival 2025* was a grand success, blending **science, art, and creativity** to spread awareness about the significance of microorganisms. The event stood as a testimony to the innovative spirit of our students and the supportive platform provided by the **Department of Microbiology** and **MBSI Student Unit**. With such enthusiastic participation, the event has set a strong foundation for future celebrations.

**President Science College**  
 Microbiology Department, MBSI Student Unit

The Power Of The Invisible

INTERNATIONAL MICROORGANISM DAY

**17<sup>th</sup> Sept, 11.00 AM**

- CANVAS PAINTING**  
Microbes in Art
- POSTER PRESENTATION**  
Micro Insight
- RANGOLI COMPETITION**  
Microbes in Colours
- ESCAPE ROOM**  
Lab Escape
- PRIZE DISTRIBUTION CEREMONY**

**Creativity Meets Science**

**Curriculum + Current Research**

**Celebrate Microbes that Sustain Life**
