

President Science College at State Level Conference, Gujarat Arts and Science College, Ahmedabad

B.Sc Students of all semester, from President Science College participated in the One Day State level Conference on “*One Planet One Health*” organized by the Department of Microbiology, Gujarat Arts and Science College, Ahmedabad on 28th February 2026. It provided a valuable platform for students and researchers to exchange ideas and explore recent advancements in microbiology and biotechnology.

As part of the event, more than 150+ students presented their posters on different topics in the UG Category Poster. From PSC 46 student were presented poster in group. Among these much number of student **Ms. Satviki and Ms. La Angel (Sem 1 BTMIC)** secured **1st rank** and **Ms. Jensi and Ms. Feni Makhija (Sem 1 BTMIC)** secured **3rd rank**, bringing recognition to the institution. Competing with students from various institutions, their work was highly appreciated by the panel of judges.

Such academic engagements help students enhance their scientific outlook, presentation skills, and research aptitude. The participation reflects the institution’s continued commitment to encouraging research-oriented learning and academic excellence. My deep heartiest congratulations to our very fresh and upcoming growing stars of President Science College.
