

## *SCIENCE EXHIBITION VISIT- 2024*

A science exhibition is an event where people can learn about science through interactive displays and activities. The students of semester-II, President Science College visited the science exhibition at Kadi Sarva Vishwa Vidyalaya, Gandhinagar on 19th January 2024. The exhibition was attended by 76 students, accompanied by 3 faculty members, Dr. Juhi Gajjar, Dr. Bindiya Babariya and Ms. Brijeesha Jora. Students had the opportunity to explore recent science technologies through various working models of sensors, biological system, robotics, mathematics module, etc. presented in the science exhibition. The students interacted with the model's representative about various scientific models. The students enjoyed this scientific event which helpful to enhance their subjective skills and interest.
