

WORKSHOP ON CAREER GUIDANCE AND INDUSTRY ORIENTATION

A workshop on industry orientation and career guidance organized by the Department of Microbiology for T. Y. B.sc students at president science college in association with Pharma Knowledge Center on 22nd March 2022 at 11.00am. Founder and managing director of Pharma Knowledge Center, Dr. Nishodh Saxena, delivered a talk on medical coding and revenue cycle management industry orientation and career guidance. In the healthcare industry, medical coding consists of converting medical reports into a short code. A medical coder is responsible for translating physician reports into useful medical codes. Dr. Nishodh Saxena gave a brief introduction to students about the field of medical coding. Dr. Shivangi Mathur, principal (I/C) of President Science College, remained present as workshop patron and Ms. Asma K. Shaikh, assistant professor from the microbiology department, remained present as workshop moderator. More than 100 students from different divisions of T.Y. B.Sc. attended the workshop. Pharma knowledge center provided e-certificates to all attendees at the end of the workshop.
